Squadding Guidelines

All pre-squad positions for all events each day will be held until 30 minutes prior to the first event of the day. After that time, pre-squadded positions not yet cashiered for that day will be cancelled and opened to all shooters.

Shoot management may assign shooters to a squad, within reason, to fill out squads. Shoot management, in its discretion, may also refuse a request to re-squad after you have paid for the event. If you have a squad or partial squad you wish to shoot with, you must bring all of their ATA numbers to the squadding table. Squadding table will not save spots without valid shooter ATA numbers.

Be aware that, at the discretion of shoot management, there may be short or no breaks between events on the same day. Shooters should avoid squadding on an early flight if they are on a late flight in prior event on the same day.

Pre-squadding is available through SOS Clays app.sosclays.com.

Silent Auction

A Silent Auction will be held with the proceeds going to the North Dakota Youth Program and maintaining trophies for the state shoot at the current level. Please contact the cashier or one of the State Board Directors if you have any items you wish to contribute towards the Silent Auction.

RESOLUTION OF TIES

Carry-Overs: A tie carries over to the next like event until there are no more like-events. Once there are no more like-events, the tie will be resolved by a shoot off.

EXCEPTION FOR HANDICAP EVENTS: If a tying shooter earns yardage that will require them to shoot from farther back in the subsequent handicap event, those shoot-offs will be held unless **ALL** shooters in that shoot-off agree to the carryover. All shoot-offs falling under this exception will be shot off after the final event of the day. However, shoot management reserves the right to reschedule when the shoot-offs occur or to limit the number of targets that are shot on a given night.

Shoot-Offs: All remaining ties after each championship event will be called for shoot-offs at the conclusion of the LAST EVENT each day. However, shoot management reserves the right to reschedule when the shoot-offs occur or to limit the number of targets that are shot on Saturday night. Shooters will receive three, three-minute calls to check in for shoot-offs. Shooters must check in at the cashier's window within the allotted time frame or they will forfeit. Shooters will be given adequate time to get their equipment for the shoot-off. Other forms of tie resolution can occur if agreed by all shooters tied for that trophy.

Shoot-Off Exception for Event 1: Youth Event: All ties for individuals and teams will be shot off at the conclusion of the event or will be forfeited. ***NO EXCEPTIONS!***

CATEGORY SHOOTERS

All category shooters must declare their category at the time of their entry. A shooter is not permitted to declare more than one category. It is solely the shooter's responsibility to inform the classifier of their desired category, if any. Shooters must register in the category they will be shooting for the entire state shoot. This cannot be changed once their first event has started.

Shooters declared as Juniors & Sub-Juniors who are not participating in money options may shoot for \$30.00 per 100 targets.

CLASS ADVANCE, PENALTY YARDAGE AND CLASSES

CLASS ADVANCE: Winning score in each class for residents, and the winning score in each class for non-residents, including ties, will advance one class for the remaining like events. For example, if the high score for residents is a 99, and the high score for non-residents is a 100, residents shooting a 99 in that class would be class advanced, as well as the non-residents that shot a 100 in that class. Class advance will apply to all Singles and Doubles events in this tournament starting Thursday.

PENALTY CLASSES: Shooters who do not have 500 singles targets in the current target year prior to the ND State Shoot shall be classified not lower than class B. Shooters who do not have 500 doubles targets in the current target year prior to the ND State Shoot shall be classified not lower than class B.

PENALTY YARDAGE: Shooters who do not have 500 handicap targets in the current target year prior to the ND State Shoot will be assessed a penalty yardage equal to either their current yardage plus 2 yards (to a maximum of 25 yards), or their current yardage, whichever is greater. Per ATA Rules, any punches earned while shooting at penalty yardage will be assessed from the yardage actually shot.

100-Straight in Event 12 for 2026 Can-Am Defender Sponsored By Bob and Mary Kupper Family

A 2026 Can-Am Defender Max donated by the Bob and Mary Kupper Family will be given away during Event 12: Championship Handicap to a shooter that shoots a 100 straight in Event 12.

To be eligible for the prize, a shooter must participate in and complete Event 5: Dan Hogfoss Handicap, Event 9: Preliminary Handicap Sponsored by Gerald Wendel, and Event 12: North Dakota Handicap Championship Sponsored by Bob and Mary Kupper Family.

The shooter who shoots a 100-straight in Event 12 will win the 2026 Can-Am Defender. If more than one shooter shoots a 100-straight, the tie will be resolved by a shoot-off, or another method if agreed to by all tied shooters. The 2026 Can-Am Defender will **only** be received by a shooter that shoots a 100-straight in Event 12: there will not be a raffle as there was in 2024.

Options Information

Class or Yardage Purse: Shooters compete among shooters in their own class (AA, A, B, C, D) or own yardage (Short, Mid, Long). Highest shooter receives 60% of pot, second-highest shooter receives 40%. If two or more shooters tie, all tied shooters divide 100% of the pot for their class or yardage.

High Gun Purse: Similar to Class or Yardage Purse, but all shooters are part of same "class." For every seven shooters, one additional place is paid. Percentage of pot paid to each place dependent on number of places paid.

25's Options: Total pot is equally divided among each of the 4 traps. Shooter with highest score on that trap wins 60% of the pot, runner-up receives 40%. If two or more shooters tie, all tied shooters divide 100% of the pot for that trap.

50's Options: Total pot is equally divided among three-50s: first and second traps, second and third traps, and third and fourth traps. Shooter with highest score on that 50 wins 50% of the pot, runner-up receives 30%, and the third place receives 20%. If two or more shooters tie, all tied shooters divide the relevant winnings.

Lewis Purse: Shooters are ordered from highest score to lowest score, then divided into thirds to form 3 classes (e.g., top third, middle third, bottom third). Total pot divided equally among the classes. Highest shooter in class wins pot, and tied shooters divide the pot.

HOF Lewis Purse: Similar to Lewis Purse, but $\frac{1}{2}$ of pot is donated to the ATA Hall of Fame (tax deductible), and $\frac{1}{2}$ available for shooters to win as if it were a normal Lewis Purse. For each class, the high shooter is paid 60%, the second high shooter is paid 40%.

ND Jackpot Purse: Similar to 50's Option, with two changes. First, there are 4 50s instead of 3: first and second trap, second and third trap, third and fourth trap, and first and fourth trap. Second, a shooter is required to score a 50 straight to win. If no 50s are shot, the pot for that 50 is carried over to the next NDTA sponsored shoot event with the ND Jackpot Purse. Jackpot for each 50 is currently \$1,025; \$1,025' \$950 and \$1,025 for a total of \$4,025.
